Oran Inc. IT SERVICES

## YOUR STRATEGIC PARTNER FOR IT SOLUTIONS

Oran Inc. delivers exceptional IT services and innovative capabilities, while continually adapting to the future by accelerating change.

Custom solutions for critical applications in defense, healthcare, and enterprise.

SERVICE AREAS

- Holistic Data Management, Geospatial/ Geographic Information System (GIS), and Data Analytics
- Talent Management, Training and 508 Compliance
- Infrastructure and Cloud/DevOps
- IT Services (Modernization, Sustainment, and O&M)
- Application Modernization

Oran brings 17 years of federal expertise in DB management and administration support that includes both on-premises and cloud-hosted databases. We implement data solutions leveraging technologies like Postgres, Oracle, SQL Server, Informatica, PowerBI, Tableau, and AWS Big Data stacks. Developing API-driven data services solutions that put data where the users and customers can access seamlessly and securely.
