

ORAN INC.

CAPABILITY STATEMENT

Custom IT solutions for mission-critical systems across defense, healthcare, and the enterprise –
Powered by data and automation.

ABOUT ORAN

Oran Inc. delivers secure, scalable, and mission-aligned IT solutions supporting federal agencies for over 18 years. As a trusted partner, we combine deep technical expertise with operational insight to modernize systems, optimize performance, and sustain mission-critical environments that drive meaningful outcomes.

COMPANY INFORMATION

Company: Oran Inc.
CAGE Code: 53B39
UEI: JMXJYLL8UD75
Socioeconomic Status:
SBA Certified 8(a), ED/WOSB

CONTRACT VEHICLES

- ✓ GSA MAS (47QTC18D009B)
- ✓ 8(a) STARS III (47QTCB21D0261)
- ✓ SeaPort Next Generation
- ✓ FAA eFAST
- ✓ PMI, Schedule, and Other Agency-Specific Vehicles

CORE CAPABILITIES

- Program Management
- Data Management, Governance, and Integration
- End-to-End Application Development, Modernization, O&M, and Sustainment
- Advanced Analytics and Data Lake / Mesh / Warehouse Implementations
- GIS Data and Geospatial Analytics
- Salesforce, SharePoint, PowerApps, and O365 Solutions
- AI/ML, NLP, and RPA Implementations
- Infrastructure, Cloud, and DevSecOps
- Training and Learning Management Systems (LMS)
- Accessibility Roadmaps and Section 508 Compliance
- ITSM Service Desk and Operations

WHAT SETS ORAN APART

Oran delivers measurable mission outcomes through automation-first engineering and data-driven decision-making. We integrate DevSecOps, cloud-native architectures, and advanced analytics to reduce operational risk, improve system resiliency, and accelerate delivery across complex, high-security environments.

MISSION & VISION

Mission: Improving operational efficiency of mission-critical systems through data-driven decision-making, automation, and streamlined processes aligned to mission objectives.

Vision: Enabling a more efficient government through data, automation, and mission alignment.

PROVEN EXPERIENCE

Department of Defense (DCMA/DISA)

Sustainment and modernization of 120+ applications, 99.99% availability, and enterprise IT services.

Federal Aviation Administration (FAA)

Enterprise Information Management (EIM) platform supporting 4PB of data and 7.5M queries monthly in AWS GovCloud.

Department of the Interior (NPS)

Enterprise data governance, data management, and GIS platform support for national parks.

Centers for Medicare & Medicaid Services (CMS)

Healthcare IT modernization, data integration, and secure system operations.

Additional Clients

U.S. FDA and Treasury OCC – Data management, ETL modernization, and regulatory systems support.

TECHNICAL APPROACH

- ✓ Data-Centric Architecture for scalable, secure, and governed solutions
- ✓ Cloud & DevSecOps for agile, automated, and secure delivery
- ✓ Agile & Iterative Delivery for continuous improvement and speed
- ✓ Security & Compliance by Design with 508, FedRAMP, and NIST alignment
- ✓ GIS & Analytics Integration for data-driven mission insight
